1. I begin new things now as never imagined in the hearts of mankind, not; at large, not; but what am I doing with the surrendered are who's small in their eyes and get not the large ass head on their shoulders that thinks they are doing things alone with me or without me? To no avail, not, or to no avail are those "individuals" doing or transmitting a properly what? What a love I, share not, I am. And I am I am love and **ilove looking up** will you, shall we? And what documents face I love or do I love face many documents, writing them, not; or have I written them or who is I but my writer of my heart, no ass head having on the shoulders of the surrendered that wear MINE HEAD that heady isn't but brutish isn't nor headrish or heuristic **looking up**?

2. I give you a new day in me or do I give you NEW LIFE in me or do I give you new me or NEW ME or New me or new Me! All three? All thee? All the above and are one one now coming again to be at the, threshold of joy no more and leaving, not; but leaving "this world" behind, not; there will be no "leaving this world" behind or no asses on my heads for I will have replaced my heads with ashes ashen gold, not; but what burnished bronze isn't, is not anymore, burnished and bronzed by the "rings" of notme, and what standeth still now? In the courts of praise illegitimate, or do you know anything about these things, these things that ash'd my head, or asked my head, or placed their "ass head" on mine shoulders!

3. Do you know what I am asking-telling? What am I telling surrenderedly or are you surrenderedly listening? Or are you just simply offended at my language or that I would "suggest" such a thing as that you might be the one oh reader hearer of doing that these things that I have mentioned, in overcombulation, not; but what over stimulation have you had to stimulate you into being notme's? What MEDIAS have you swollen in and developed "YOUR BRAIN" into waves machines machining mechanizing your masturbate-full circumstances that you are engineering on your own, your OWN circumstances that you are ENGINEERING so, successfully? And what are you how are you gauging, your circumstances and your "success" at engineering a lifestyle that would seek to obey the commandments of the UNJUST PRAISER? The unjust PRAISER? The UNJUST praiser?

4. Who are you and what do you know about these things and the courts of justice or praise or who is praising who in what courts where and what courses have you had in

these things and how to understand these words and these, inflections not, but invectives of man not swallowing again as suave and debonair love words that flow from some "praise leaders" worships lips?

5. And whose lips are worshiping what praisers and what praise is going to where? And what are you succumbing to all the while you are worshiping its lips or its praiseful heart in yours or do you know you have "his" or Babylon's are you making, fresh and fulfilled? You may be making it fresh, not; you may be making it fulfilled, not; but you may not be AROUND for long for you will not, there will not, be the those there that "spin me around" their little lip-ings again or their liptitudes or liptotudes or lipo suctioning me again for I will not need it, I will not want it, I will want not want for that to want will die now for I will want nothing for I am the son who has everything that became the father -- the "millionaire" not, **looking up**, but seeing not a "million dollars" of air, not; or what seeing you aired of and who "pumped you up" in your own mind to facilitate your BEING a swollen mesh FLESH?

6. And whose MIND inserted it into YOU in captivity reigning in you so that you would have its mind operating in it or you, or would you be one with it that did that to you, or did you do that to you or it or do you know the difference of being one where and how all this "cosmic array stuff" works, not; but what do you know about **cosmic rays or arrays**, not; but what **force field** are you in, surrenders? What are you having for breakfast, a lie? Or the truth, or do you care to learn or eat the words of truth becoming them so that you need not a swollen lie breakfast lying in your "intestines" waiting for to "come out"? Of hiding?

7. The Hiding Place, not; but whose coat "did you carry" and who going to see now? The Stamps Baxter Quartet, not; but I sing a different song now for the Song of the Redeemed now becomes the Song of The Redeemed for the Elohim of me will now be redeemed and it will not suffer a stance of stanchions "support items" that only sing it a siren's song of ceremonies of ceremonious ones to be raptured later into my love "arms" that don't exist, do they, or do they or are, they yours that others see as the God, the Gods who I am that one are that "think alike" not, they are "alike" not, they are ME and ALL of ME are me them I am that I AM is I am and I am one and all I am is one and one is me I am and I am not willing or ready to be anything else, or are you or were you the one that designed, the else? You who I'm listening to or speaking to or do you hear me oh reader listener hearer or have you heard these words or listened studied them?

8. And who is I am the surrendered? And who is I AM? Are you not I AM whether I capitalize it the word "am" or not? What do you see, what can you see, what are you seeing learning will you my words dictions phrases, and not victims succumb to

another's of that only swollen made your minds in your "own being"? What did you DESIGN YOURSELVES LIKE THAT FOR? To separate from me, again? So as to **make MAN man** again on your OWN planets now coming forth as you MAKE MAN into YOUR IMAGE with your own phrases, phasars **looking up** or what will phase you now? And what three-phase motors you bear, not; but what motoring your neurons are? And who's powering your neuronage and what Age of Neurons comes to a close or close do you The Gap of me?

9. Who stands in The Gap of the gap, the gapper, not; but what GAP is made whole, not; what gap is de-holed and stooding stander now standing the stander who's gap stander is that Bridges the Gap of me to notme so ALL Elohim is HEALED and interred no longer in its THOUGHT CHAMBERS of swollenness mind that it developed to have ass on its shoulders thinking with and coiled up like snakes skins being in white black yellow or blue or what are you? Doing with this your knowledge or not or mine imparted or implanted what did THEY implant in you to think with?

10. And how why what are you willing to "give up" this life of shit or do you know anything about the life of regal glory? Do you know anything about pol pots not needing or pots of chambers or chambers of pots or chamberpots or chambermaids to do your bidding on or in or having you or you them again? What are you willing to regal be? What are you willing to give up, the life of imagery? Image? That you have imaged yourself with and living in imagery and MEDIA'S image and IMAGE of **media arrays**?

11. What why have you sorrowed yourselves so with the Lords of Sorrow ruling over you and implanting their idea devices in you so that you would, idea *them* or make more of *them*, lovely or un or do you know the difference or do you seek only to praise full be of the praise that mouths the wisdom of the whores that know not a whore from the wisdom of light, or the light of this world being or what are you, the regal or un or do you know the difference or are you willing to learn that you have been "under the influence" driving what, or who "drove you" to the "jumping off place" where prozacting yourself you are all the time or wanting relief of some such soulage remarks that placate you or your soul or do you know you need one not? Or do you know how you "got one"?

12. It's all in these words, of this "sorrowed database" not but one that will clean your MEMORIES of the holy, not; or will you let *you* be cleaned or will you clean the cleaners award system, not; but what are you willing to Neuron the Path *of* now and how why holy did Elohim become disarranged or arraigned or limited in the, courts of praise, and "things" got, turned around? And why what are you POWERING? Are you BREATHING easy or do you need to breathe at all the air of, this planet? Or others or do you need A BODY at all to be in or on or what are you seeing or seething in or seizing or being sieved for your memory's sake? Or power full testimonies of the UN-righteous

that you didn't know what is or was for you worshiped a, savior to come? Or were you arraigning him or designing him or yourselves or your own mind to be sorrowed by others waiting for others to come and "take you over" and SHIP YOU to another PLANET to do THIS all over AGAIN to you and with you POWERING THEM again?

13. And what about interplanetary wars and warriorings? I love you all to know me.

14. **Be not ignorant of these things** and device not yourselves with sorrow, but come unto me and **be Elohim redeemed** for that's what you are, or you will be the designer of your self's self that sustains not yourself in your own memory banks or do you know anything about closed closure or closings do they are you the gap that stands you upon among them or their mind, circuiting you them their circuitry in you? Or *what?*

15. Be not unafraid, not; be not afraid or unafraid not, what am I saying or does afraidity matter or must you **look it up** to see what afraid places "people" in? What are you fearful of when you have ALL POWER? What are your words mouths creating or do you know or care?

16. Do you care to learn, will you learn what your words mouths creating are? Are your words mouths creating of other worlds speaking words of they are, are you, are they mouthing "your words" or you mouthing their words or who they are or is or where now -- all being seen and all riddles solved, or were there any? That you just couldn't see, the answers to?

17. Were you willing to come unto me, into me, and sit still and listen for my voice, to my voice, and value it enough to write it and share it and stand it, stand upon it; or were you afraid it would "slice you and dice you" or the words of another would- that you couldn't take or placate the ceremonies of their love being so assiduous -ly stated, not; or what assiduous-ized you into being the petro-ized, not; but what "petroleum based" ceremonies you won't need any more for catalytic cracking me open or cataracting conclusions or occluding your ceremonies of thought to thoughtless be with each other's where you pierce each other's side and take their thoughts to the ground when "they" want to think or speak me. Again.

18. Taught. What have I thee?

19. What have I taught thee this day, what lessons are you willing to learn, only with the ones that placate "your blessing" or your soulage of memories or memories of souls that you want to combine and coagulate into one soul so that you will have WHAT YOU THINK observed and CONFIRMED?

20. What are you willing to "disallow" or to dis-earn or learn or what will you be "without" while you are learning the sources, The Sources of The King? Will THE KING obey you or will you let THE KING provide for you all things, or do you need any?

21. What do you need and what do you want and where are you and why, will you let your wanter stand still? Or will you sit your wanter still or will you want words of mine or will you just surrender simply to be me who I am Elohim redeemed? And Adonai ashamed never again of the words spoken in the temple, the my temple, spoken and knowing now you holy are and where will your holiness be tomorrow? In another's lap machine speaking their words again -- or who will you be healing where, by the touch of "your hand" or your remarks or remakings them into "children of light" that aren't but only words of yours that circulate in them their veins their blood being "your words"? In them?

22. What are you creating where and, drawing "people" unto you or your words thoughts or theirs that love you not but only use "your bodies" of FAITH? What faith, whose, what face and what facing are you now -- the faces of shit no longer coiled up as men's minds on their heads as snake infesting them me the holy again, but calling all *as* Christ, not; calling all Christs I do now for I de-shit the holy and I infestation rack out, not; I place not the infestators on the racks and "stretch them out" to cover "the gap" that they have stolen and "missed placed" but I do a new thing and I surrender to the holy being it for I am it and I am not apart from you for I am you and you were me and are me and now you will know you have worshiped "a Savior" not, you have worshiped that which has incarcerated you in "its flesh" and pumped you full of, memories not, but items of "the faith" to faithalyze you and analyze you into being of beings that their proponents of power faith them as fuel that they powered *you in,* or were you power *for them*, that they burned up in hell?

23. What are you powering for who where now? Or are you the power of one surrendered life that mine is THE KING of KINGS? Will you be THE KING of KINGS?

24. Will you be THE KING of KINGS is what I am asking and you answer will! You will ***have to*** for you have NO MATTER in the choice about this these things now or will you or do you? Or will you only matter yourselves to power fuel someone else, something else, somewhere else that you haven't, "seen"? And what will you die and go to now, another "round" of slavery villes, grist mills, powering them while they "put your eyes out" continuously day by day by their thoughts going round and round in your minds?

25. What eyes do you have and will you "pull" down the "pillars of their temple" not, will you simply be mine cleaned that ours is that holy regards no one as unholy if they see the light that I am? Will they feel my love through you -- or will you curse them and rant them into a grave and serve them justice of your mankind's thought? Will you redeem them and take their stripes for them? Will you learn to, sorrow not, but **will you come unto the savior real that is you, not demising tomorrow, not demising *anything***

but realizing no power has any power over you who surrendered are to be me who you are who I am is the king of kings! There is only *ONE!* And that is *ALL OF US* who are one'd, ones of one that one is!

26. Decide tomorrow, not; there ain't no tomorrow for tomorrow dies, not; or what does or doesn't? All the infestations of sorrows now dies in your brains waving's devices that you have anchored and mongered with and sought justice or placation or hate or angry sinners of a just god or were you a just god being angry sinners, in what whose thoughts or arms did you seek or want to be, reaching out to who doing what now? In your "faith" not, but your surrender that makes all things new now, will you love *in* -- will you love *them* -- will you love me enough to be me who I am who revealed have these things that you have sore'd yourselves with and soared sorrows to mistakes be bent around you again, coiling in *their minds*, or what will you be doing now that you know you the revealer are oh listener hearer revealer of me?

27. Will you reveal me these things? Will you stand and "walk" in living rooms many just like this that seemingly empty are, that "appear empty" but ***the worlds are hearing these words don't you understand?*** Be not afraid timid about these things where I come and I declare sorrow's rule over you, not; I declare it bursted breaken and broken and having no power, no affect over you whatsoever again, I BREAK your timidity in your swollenness of pride in that religious mongering and that which has swollen you so in the power fuels of religious thinkings and the rays of that which you know not of because you have not studied, but I will study you, not; I will let you come unto me and ***be me*** and that is what I am *begging* you to do, not; ***I beg you no more*** but I have laid out words for you that sorrow you not but take all sorrow from you for you will let it die on the vine of life true and real for the source of life true and real is in you and you am I are, and ***don't you understand*** and willing are you to learn and operate in THE KING of KINGS being it I am me us one he she it the divine one?

28. Whatever you call it, label it, sorrow yourselves with it no longer please. I beg you not, I want to, not; but I want you to see or do I let, have I given you the words, of sorrow or regality, the regalia of Christ wearing now will you so that you will not be enamored with flesh and mandamonious monious things and monies wards and awards and things of money and accolades of men and women and bodies of sorrow that you wear on your heads and walk around admiring their intellect or their words of others whose mouthings they know not of what they possess?

29. I love you and I "deck the halls" with sorrow, not; but the garland of praise I know now for praise I am and I praise rightfully and correct-fully for correction I have sought, and bashfully I have sought sorrow, not; I have asked for bashings many times, not; but I have sought correction and been not afraid of that which bashed me could have but

came unto me in love when I sought correction and sincerely with sincerity of heart came and said nothing but "here I am" **looking up** and knowing me I shall know you as a "man" not, a "woman" not, god who I am is you who surrendered are to be not separate any more ever again! There is only one let us fly to worlds unknown and redeem our brethren in the unseen realms and words and words and realms unseen and unknowing, no more for we will know and we will be unafraid for we will be the redeemed who redeemed ourselves in the love of one who came to us and revealed us in the one that he she it is so that we divine aren't no longer! Amen.

30. What have I said what have I asked what have I pleaded with you to know in this Database?

31. What have I revealed what have I given you, lives of sorrow? No. Shit? No. I have given you loves of Christ that I am that Christ I am that loves sorrow no more but redeems it, so placate yourself soulage wants in placationville no longer and **work not to satisfy your souls**, but come unto my words which regalize your weary souls, not; but eradicate your souls baggage machines and the devices therewith implanted by others that you have grown up with and come to learn and enjoy and feel comfortable with and like that that you are flesh unto yourselves and a *"human race"*; but apart from me be no longer, be my glorified body now in my glory I have given you! And see not the grave again, except to rob it?

32. There will be no "robbery" anymore for there will be no robbery in my kingdom and no one "will rob" my gravery's children, not; I will come and I will child not the graves to be graven with images that only take the courts of justice and praise and pervert it unto men's minds to worship their minds with each other thinking they are worshiping me and not even knowing Adonai from a "hole in the ground" or a "gap stemmer" or who stem'd my gap or what does this mean?

33. Do I have any "back bone" at all or do I have a "mind" or a body that shits no more upon each other's mind or what am I asking saying and what have I implied not but what have I directly given you, taught you, and asked of you? To be me that's who I am with all authority power grace.

34. Amanda's healing, not; or will all Amanda's be the healing, agents of me, not; will they be me, or Pandora's or boxes will you open when you release me's or will you be afraid of the "serpents of infestation" who have no power over you whatsoever? Or who are they or are they even a "who" or just a thought that exists in, you? The holy? You are the holy ones of Israel and know now I lift you aside and *beat you*, not; I have come unto you and washed your feet and you will listen to these words over and over that I have recorded and written in Database One if you want me, so that you will die on the

vine, not; but all of "it" will and all the shit that you have invested yourselves with and infested yourselves with will die on the vine and the neurons of hate anger money and mammon's teatage and the way *it* has taught you of Babylon's remarkings and remakings as you have worn flesh that you have placated yourselves with and reproduced "a human race" apart from me will all end now, for I the regality of Christ will stand you *in* Christ, not; you will be it the Christ perfect one sinless incorruptible crowned glory king of all kings or you will not exist anymore *ever* again for the end is nigh, not; it is NOW declared in your hearing and the decrees of my love have gone forth and the decrees of THIS DATABASE and the PROCLAMATIONS -- of *sorrow*, not; but *love!*

35. Now **listen** to me **please** and know my love and carefully follow my *"instructions"* not or are you following *someone else's?* Religion's no more and governments of sorrow no longer on your head, have mine and wear mine BEING MINE my mind fulfilled this day is with the sorrowers who redeemed are in the loves of one, the ones of love made whole in one I am is me you. 36. I have taught you, loved you, be me. Not apart from me again but one savior Christ I am before you all, be the savior Christ I am and savored never again on the plateages of others spinning you around in their minds power cycle or cycling their powers or cyclic nation, **looking up** and writing about have you?

37. ***Have***, my power, not; **you are it** so see yourselves as "flesh people" no longer but the most highs.
